

TAUFEEQ UR REHMAN

Physics Teacher | Cyber Security Graduate | Tech-Enabled Educator

📍 Pakistan | ✉️taufeequrrehman98@gmail.com | ☎️ 0315-2438034

PROFESSIONAL SUMMARY

A passionate and dedicated Physics educator with a strong foundation in conceptual teaching and real-world application. With one year of hands-on tutoring experience, I specialize in breaking down complex Physics concepts into simple, relatable, and easy-to-understand lessons. My academic background in Cyber Security adds a unique technological dimension to my teaching, enabling me to integrate modern tools and digital literacy into the classroom. I firmly believe that Physics is not about memorizing formulas — it is about understanding how the world works, and I bring this philosophy to every lesson I teach.

CAREER OBJECTIVE

To obtain a School Physics Teacher position where I can apply my subject expertise, practical teaching methodology, and passion for education to help students build a strong understanding of Physics from the ground up. I aim to create an engaging and supportive learning environment that encourages curiosity, critical thinking, and real-world problem solving.

TEACHING EXPERIENCE

Physics Home Tutor

Self-Employed | Private Home Tutoring

2023 – 2024 (1 Year)

- Taught Physics to school-level students individually, focusing on concept clarity over rote memorization.
- Used real-life examples and everyday situations to explain abstract Physics concepts such as force, motion, electricity, and optics.
- Designed custom lesson plans tailored to each student's learning pace and understanding level.
- Monitored student progress regularly and adjusted teaching methods based on feedback and performance.
- Simplified textbook language into plain, easy-to-understand English to ensure student comprehension.
- Helped students build confidence in Physics by focusing on understanding the 'why' behind every concept.

EDUCATION

Bachelor's Degree – Cyber Security

University (Pakistan)

Graduated

- Strong academic background in mathematics, logic, and analytical problem-solving — directly applicable to Physics teaching.
- Studied core technology and security principles that support digital literacy and modern classroom integration.

SKILLS

Teaching Skills • Concept-based Physics teaching • Real-life example integration • Student-centered lesson planning • Simple English explanation of complex topics • Patience and clear communication	Technical & Digital Skills • Cyber Security & Penetration Testing • Web Security (OWASP Framework) • Web Development (WordPress, Shopify, PHP, JS, HTML, CSS) • Prompt Engineering & AI Tools • Digital Classroom Tools & E-learning Platforms
--	---

CORE STRENGTHS

Clear Communicator Explains even the most complex Physics topics using simple, everyday language.	Conceptual Thinker Focuses on understanding over memorization — helping students truly grasp Physics.	Passionate Educator Deeply committed to teaching and continuous self-improvement as an educator.
